## Experience

---

### Mother's Voices | Decatur, GA

#### Website Manager | 01/2021 - Present

- Develop and conduct maintenance and backup procedures on assigned websites.
- Design and develop new website pages based on client requests or company needs.
- Recommend Web site improvements and develop budgets to support recommendations.

### Textron | Providence, RI

#### Applications Analyst Intern | 06/2024 - 08/2024

- Developed documentation tools for Cority and Beoadspire integration processes using PowerApps.
- Contributed to the EBS data lake and dashboard project by facilitating the transition of data from bronze to silver stages.
- Transformed a C# job into an SSIS integration to standardize ETL tools, improving data process efficiency and system consistency.

### Textron Specialized Vehicles | Augusta, GA

#### IT Intern | 05/2023 - 08/2023

- Acquired proficiency in the change control process using Salesforce systems and effectively developed, conducted, and implemented changes into production.
- Implemented modifications to developed platforms, enhancing internal group and customer operations by reducing manual processes.
- Developed a function within Salesforce to alert users when their shopping cart remains full for a specified duration.
